This natural grained laminate is a smart move to bring in!

VIOBOARD

LINER GRADE LAMINATES / BACKER / BALANCING SHEETS

VIOBOARD Liner Laminates are used as an overlay on the inner or backside of the furniture. These sheets are thinner than decorative laminates and hence they cost less.

In conventional way the inner part of the furniture was kept natural or was painted. Painting or leaving the surfaces as were used to affect the stuff kept there as the surfaces without VIOBOARD Liner were prone to Fungus, Borer & Termite attacks. VIOBOARD Liner Laminates don't just make your woodwork look good on the inside but also protect it. Our Liner Laminates are available in different textures and colors apart from being cost-effective and durable.

VIOBOARD is known in the Industry for its top-quality products. Our Liner Laminates are the best option for both commercial and domestic applications when it comes to the inside layers of cabinetry such as shelves and cupboards, drawers. They are also used as the undersides of furniture, benchtops, tabletops, and desktops. These laminates give a very neat and clean look to the insides of your cabinets or wardrobe.

Also, using Liner Laminates does away with the need for interiors painting, polishing, finishing, and continuous maintenance. Our Liner Laminates are water resistant, abrasion-resistant, and scratch-resistant and give decorative look to furniture.

The thickness varies from 0.6 mm and can be customizes to 0.8 mm. In some markets the thickness can go upto 1 mm.

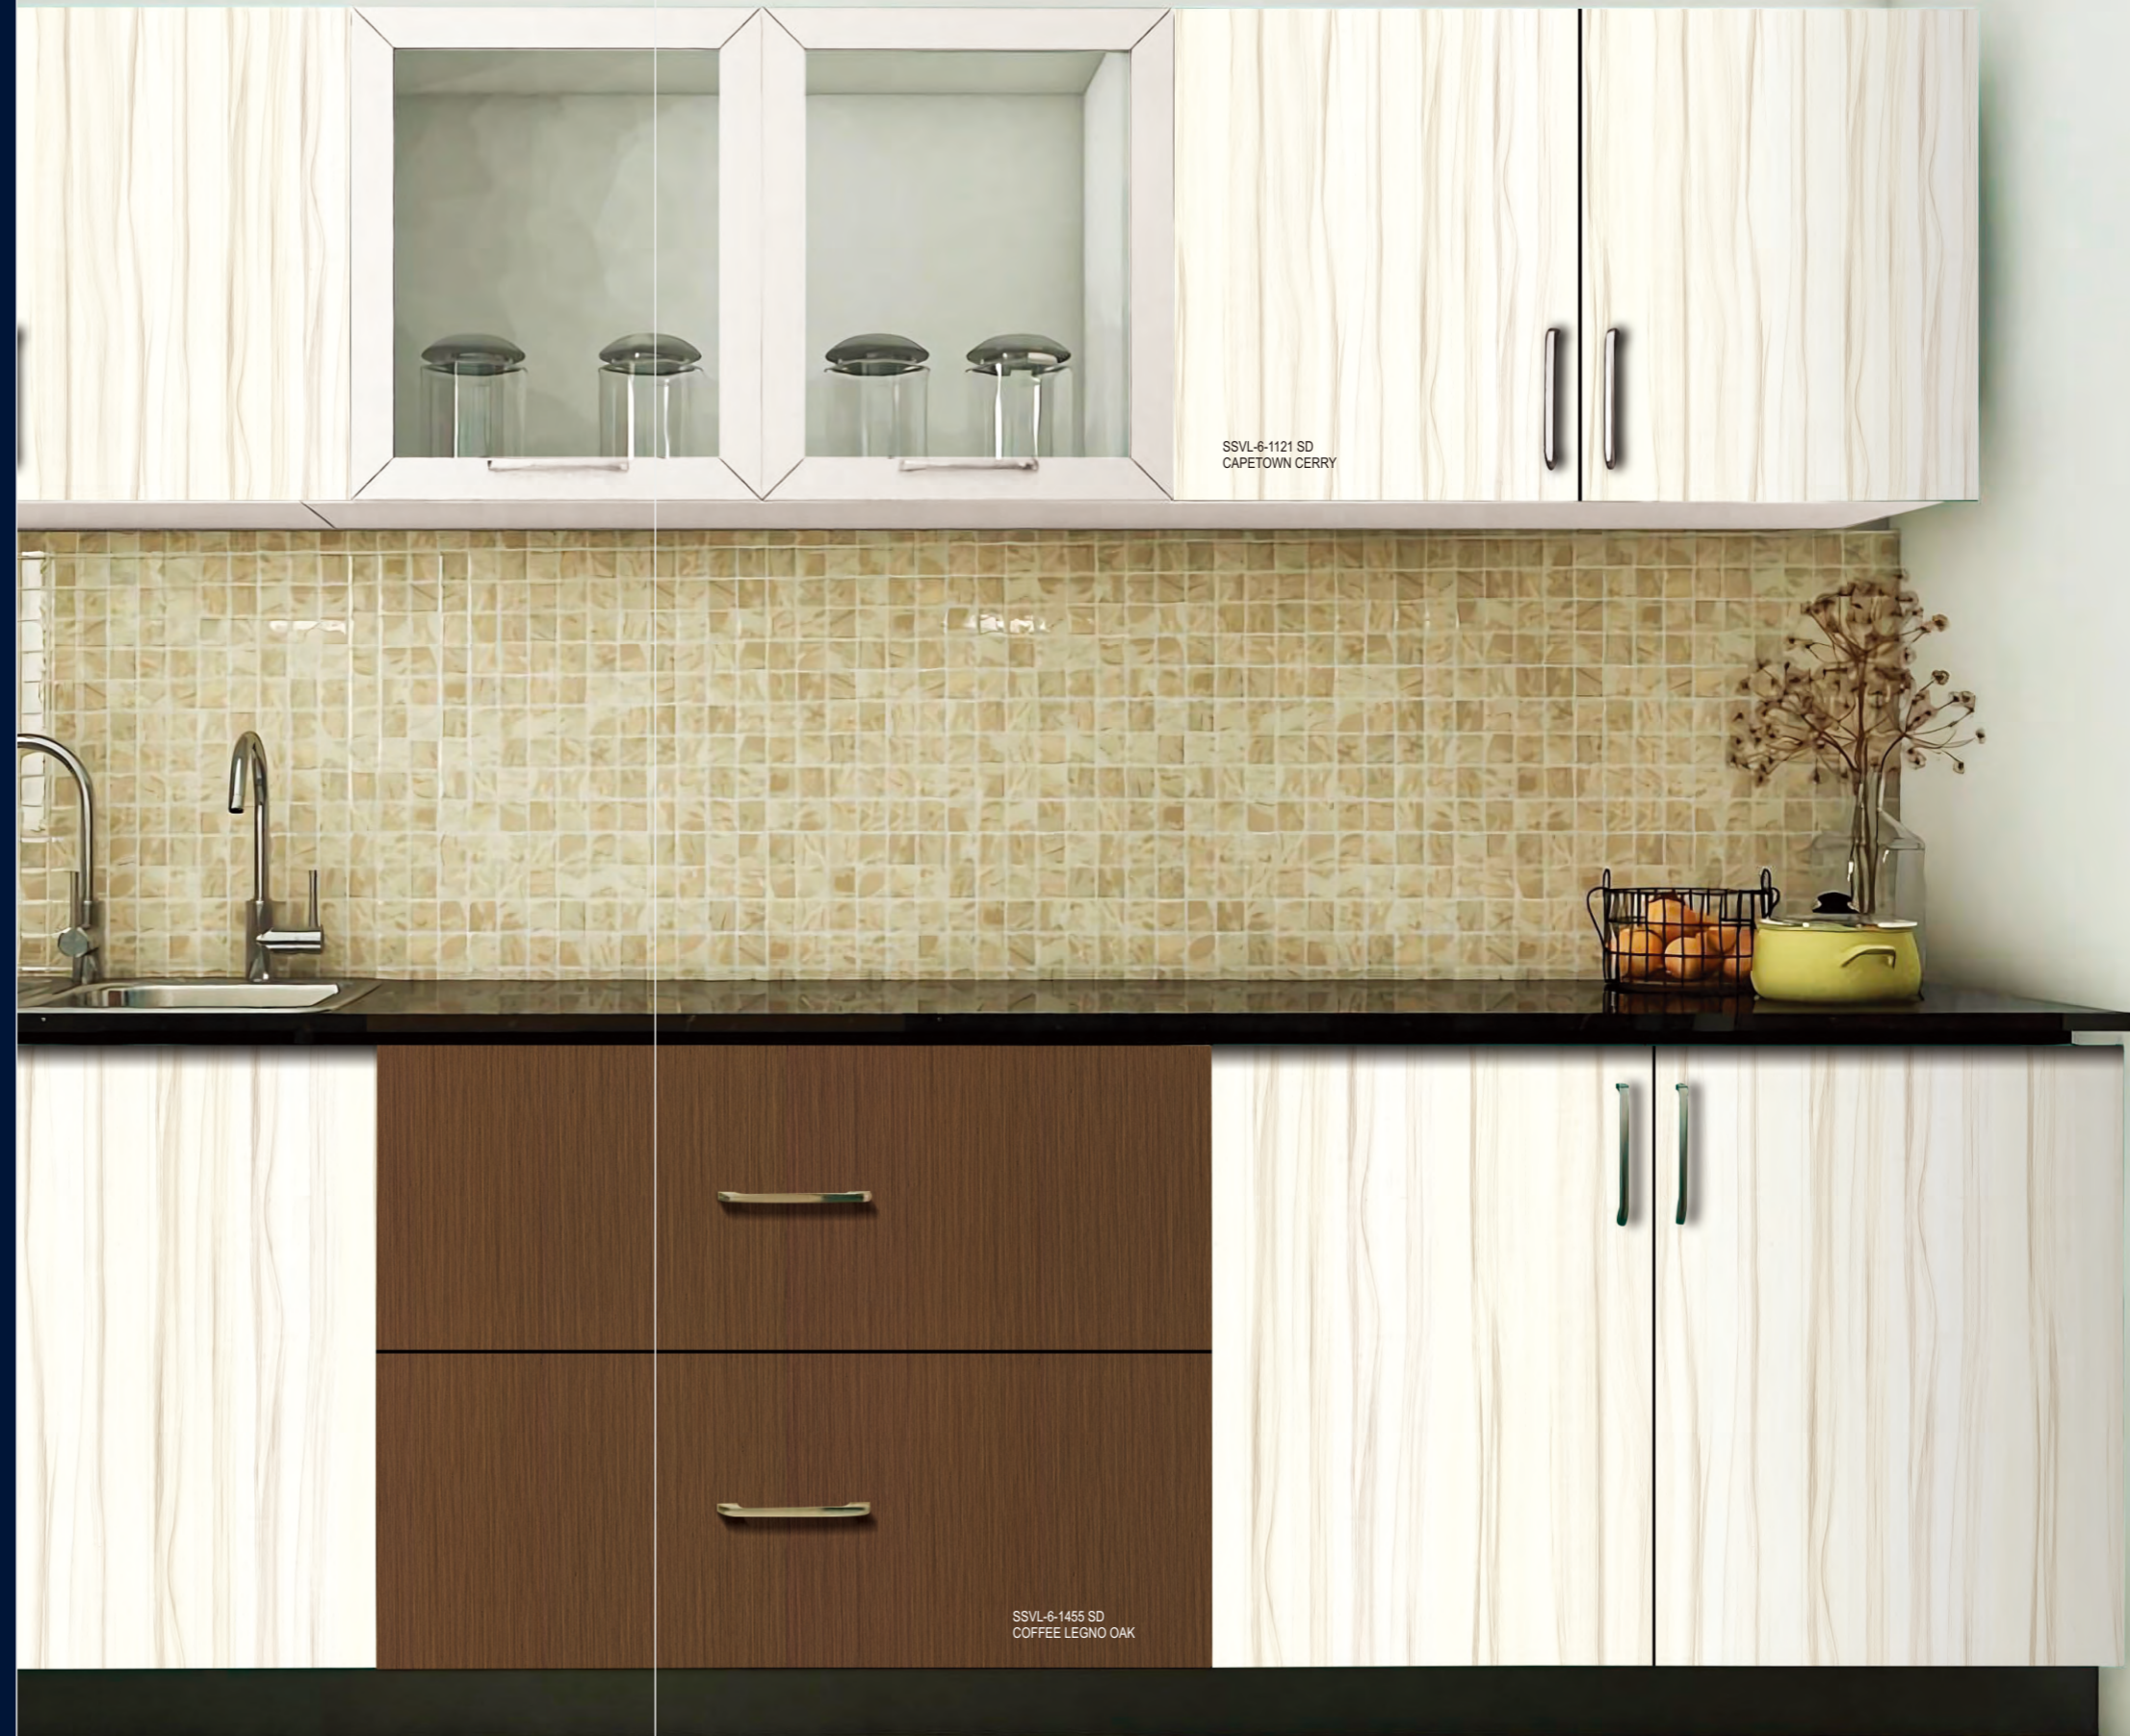

We proudly offer oversize of the same enabling the furniture industries to use for Doors, Wall Partions, Roofing and similar purposes.

Easy to paste we offer our Liner Laminates with Plywood, MDF HMR, Particle Board, Plaswood, Plasma board.

Ready to deliver upon choices of our esteemed clients.
